Muhammad Irsyad Marwan

FullStack Developer

I enjoy to learning new things about technology. I am a hard worker. I'm eager to expand my knowledge, get new experiences, and try something new. I've created on two projects for two months. There are Waysbucks and LandTick. Train tickets can be reserved on the LandTick website, and coffee orders can be placed on the Waysbucks website. I'm prepared to be put in the company's preferred position.
